MURDER CASE

To Come Up at Smithland To-  
day.

Ruben and Thomas Ross to Be  
Tried For Killing Wal-  
ter Hook.

The preliminary hearing of Reu-  
ben and Thomas Ross, charged with  
the murder of Walter Hook, will  
come up at Smithland tomorrow.  
The two principals, it is believed,  
have been subpoenaed, and it is supposed will attend  
the trial tomorrow. If they do not,  
the case will have to be continued.  
The attorneys in the case went up on  
the packet today.

There is considerable feeling on  
both sides over the killing. Hooks,  
it will be remembered, died from a  
wound inflicted by Reuben Ross, who  
is twelve years old, in the temple. Both  
families have many friends and sym-  
pathizers, and for this reason the case  
will attract more than ordinary atten-  
tion.

PRISON FOR LIFE.

Court Refuses Rehearing in the  
Joseph Atkins Case.

Frankfort, Ky., Jan. 26.—The court of appeals overruled the peti-  
tion for a rehearing in the case of  
Joseph Atkins, the mountain fighter  
of Fields-Atkins warfare fame, and  
he goes up for life. Atkins lost his  
appeal by failure of his attorney to  
file the record of the lower court in  
time, and the case was not before the  
court of appeals on its merits.

Editor Kills Himself.

West Chester, Pa., Jan. 26.—Capt. George R. Goss, editor and proprietor of the Chester County Democrat, committed suicide at his home in this city Monday by inhaling illuminating gas. Before killing himself he wrote the following note:

"Standing on the brink of eternity  
I ask the forgiveness of all, as I for-  
give all. No flowers. No funeral.  
Good by. God bless you."

She Becomes a Mother at Sixty.

Toronto, Ont., Jan. 26.—Mrs. William Gillivray, of 30 Regent street, this city, who is over sixty years of age, has given birth to a girl baby. Her husband, whom she was married seven years ago, is seventy-eight. Mrs. Gillivray has been married twice, and this is her twenty-second child. She married first when fifteen.

## ANOTHER SHIP FOR HAVANA.

ships to Cuba to Look  
After Their In-  
terests.

The Government Buying Large  
Orders of War Material—  
Other Late Telegraph  
News.

Washington, Jan. 26.—The navy  
department has issued orders to the  
battleship Brooklyn to get ready to  
sail for Havana immediately. The  
secretary of the navy says her mis-  
sion is peaceful.

Washington, Jan. 26.—The latest  
advice from Havana report every-  
thing quiet.

Foreign Warships For Cuba.  
Havana, Jan. 26.—A British war-  
ship has arrived here and a French  
cruiser is coming.

closed at one dollar today.

BIG ORDER FOR POWDER.

DuPont Company Asked to Pre-  
pare 10,000,000 Pounds for  
Government.

Wilmingtn, Del., Jan. 26.—A  
genuine war scare struck this city  
this week with the news that the Du  
Pont Powder company this morning  
received an order from Washington  
for 10,000,000 pounds of smokeless  
powder. For seven or eight months  
the DuPont concern has been busy  
making powder for the government.  
When seen tonight the officers of the  
company declined to discuss the matter.  
The powder mills have been  
working night and day for several  
months, and tonight the force of men  
will be required to fill the order.

THREW DYNAMITE.

Mob Tries to Destroy Tollhouses  
in Nelson County.

Paducah, Ky., Jan. 26.—At the  
two guards who were laid out at the  
tollgate near High Grove, on the  
Hardin and Louisville pike, have  
arrived here, and report that raiders  
attempted to dynamite the tollhouse  
Monday night. Two cartridges were  
thrown, but no damage was done.  
The mob, composed of about forty  
men, then dispersed, firing guns and  
pistols as they rode away. The  
guards were highly frightened. The  
incident has created a great deal of  
excitement here, and the county judge  
has been asked by the turnpike com-  
pany for additional guards.

Commonwealth's Attorney Robert B.  
Franklin has been looking into  
corporations in the secretary of state's office, and it is rumored with  
a view to gathering information for  
the grand jury which, it is also re-  
ported, may bring in indictments  
against some institutions for failing  
to report.

The joint committee on peniten-  
tial election of Prison Commissioners  
and as it has been agreed on by the  
two committees of both houses, there  
seems little doubt of the act going  
through. Chief Clerk of the Senate,  
Wm. Cromwell, and Mr. John Miles,  
are two popular Frankfort people,  
who are avowed candidates for the  
commissionership. The Hon. Henry  
George, of Mayfield, ex-warden of  
the Frankfort penitentiary; L. E.  
Moore, of Showan, Bourbon county;  
members of the Democratic State Executive  
committee; the Hon. Wm. Perry, of Livingston;  
Casas, White, of Hardin, and others, are candidates  
for the places.

The local democratic club is taking  
a hand with the legislature to secure  
the Hon. Wm. J. Brynn to speak  
here during the session. The local  
committee favor February 22, and  
will urge that the great orator speak  
at the opera house with several distin-  
guished Kentuckians, including  
members of the legislature, on that  
date.

Gov. Bradley has made the following  
order: "Being requested by Alex. J. Wedderburn, secretary of  
the National Pure Food and Drug  
congress, which meets in Washington  
D. C., on March 2, next to appoint  
ten delegates for the state of  
Kentucky, I do hereby appoint the  
following named gentlemen: Alexander  
Pierson, Lexington; Thomas  
Willimus, London; Morgan O.  
Hughes, Bowling Green; J. Hunter  
Bell, Owensboro; W. O. Newell,  
Somerset; Brutus J. Clay, Richmond;  
John E. Stornes, Lancaster; Charles  
T. Ballard, Louisville; Ed F.  
McGrath, Covington."

Serious Gave In

Owensboro, Ky., Jan. 26.—A hole  
eaved in the middle of Mulberry  
street, below Main, caused by the  
breaking in of a large sewer tunnel  
that the high water had ruined. The  
water is backed up for miles in Southern  
Indiana. The large and valuable  
cellar plant was thought to be in  
danger, but sand bags and other tem-  
porary protections were resorted to.  
As it is a thirty foot cave-in could do  
as much as \$200,000.

Resolutions of Respect.

Frankfort, Jan. 26.—The bar of  
the court of appeals adopted fitting  
resolutions on the death of Judge  
Hines, saying that in the death of  
this chief justice Thomas Henry  
Hines the Commonwealth of Kentucky  
has lost one of its noblest and  
bravest citizens; who, as a judge and  
chief justice of this court during a  
continuous service of eight years, illus-  
trated the learning, integrity and  
courage of a fair, impartial and just  
judge; was a soldier in the Con-  
federate service was the equal of any  
for coolness, daring and enterprise.

On a Basis of Reciprocity.

Washington, Jan. 26.—Minister  
Woodford has cabled to the depart-  
ment of state that the government of  
Spain has consented to negotiate a  
commercial treaty with the United  
States on the basis of reciprocity,  
with schedules for Cuba and the Pen-  
insula. The negotiations will be con-  
ducted in Washington at a time yet  
to be agreed upon.

HELPED TAKE JEFF DAVIS.

Crippled Ex-Soldier Matthew Reed  
Asks for Relief.

Winchester, Pa., Jan. 26.—Mat-  
thew C. Reed, a crippled old soldier,  
who resides at Oxford, this county,  
is a survivor of the squad of soldiers  
who captured Jefferson Davis, the  
president of the Confederacy, and he  
has just called upon the government  
to reward him for his services. Con-

gressman Thomas S. Butler is urging  
the passage in the house of a bill pro-  
viding for the relief of Reed. Al-  
though a general allowance was made  
for the capture of Jefferson Davis by  
congress some years ago, Reed never  
heard of the matter, and consequently  
never received his share.

## A TARANTULA BITE

Caused Twenty-Nine Operations to  
Be Performed on a Man's  
Hand.

Sealia, Mo., Jan. 26.—James  
Hemingway, a brakeman on the M.  
K. & T., has just been discharged  
from the company's hospital as cured.  
He was bitten by a tarantula in  
Texas September 9. Since then  
there have been twenty-nine amputa-  
tions performed on his arm and fin-  
gers to save his life. For a time his  
arm was as big almost as his body.  
Several times his life was despaired of,  
but hard work and constant attention  
on the part of the doctors pulled him through.

To Aid Suffering Cubans.

Anderson, Ind., Jan. 26.—Five  
hundred young people, members of  
the society connected with various  
church organizations in Anderson,  
held a meeting last night in the First  
Presbyterian church in the interest  
of suffering Cubans. Steps were  
taken to send assistance to the  
needy, and to end a mass meeting  
of all young people in the city  
was called for Tuesday night of this  
week.

FRANKFORT NOTES.

Frankfort, Jan. 26.—One of the  
most important bills to be introduced  
this session is a bill to amend the  
election law. The bill now under  
consideration is to appoint an election  
commission of three members, whose  
duties will be to appoint sub-pre-  
cipit commissioners. The bill is being  
considered by the senate steering  
committee. It is said that the com-  
mittee favors an almost verbatim  
copy of the Virginia laws on elec-  
tions.

Washington, Jan. 26.—Following  
the visit of President Roosevelt, the  
United States sometime between  
March 1 and November next. The  
election occurs in March, and the  
prevailing impression is that Senator  
Campos Salles, the candidate of the  
republican party and an eminent  
member of that element, will be elect-  
ed. He has signified the purpose in  
case of his election of visiting Argenti-  
na and Southern republics, and of  
then coming to the United States for  
an extended trip. He has traveled  
widely in Europe, but this will be  
his first visit to the United States.

Auditor's New Private Secretary.

Frankfort, Ky., Jan. 26.—Auditor  
Stone has appointed Howard M.  
Benton, of Newport, to succeed  
Chas. Lambert as his private secre-  
tary.

A bill has been introduced in con-  
gress to amend the act of 1862, making  
subordinates. This system was  
in vogue for a hundred years and  
there is no record that under it a dol-  
lar of government funds was ever  
misappropriated.

The great strike of machinists in  
Great Britain has ended in failure for  
the workmen, after a struggle of six  
months. Many millions in wages  
have been lost and English trade has  
been seriously injured. There is  
nothing whatever to show on the credit  
side for this long and wasteful  
conflict.

GOING TO WASHINGTON.

Sam J. Roberts Will Support Gen-  
eral Collier.

Washington, Jan. 26.—It is said  
here that Sam J. Roberts of Lexing-  
ton is coming to support General  
Collier for the position of Surveyor  
of the Port at Louisville. Senator  
Deboe is far C. M. Barnett, it is  
thought that Collier will have a great  
deal of backing. Collier is Brad-  
ley's man.

AMERICANS FOR CANADA.

Kansas Farmers Will Settle in the  
Northwest Territory.

Wichita, Kan., Jan. 16.—A meet-  
ing of farmers was held here and a  
clerk of 150 organized, the members  
proposing to settle in the Canadian  
Northwest Territory. Representa-  
tives of Canadian railways and of  
the Dominion government were pres-  
ent and pledged free transportation  
from any point on the Canadian line  
to any part of the districts of Alberta,

## DEBOE'S BILL DOOMED.

Kentucky Probably Will Not Be  
Divided Into Two Federal  
Districts — Lindsay  
Against It.

The Surveyorship of the Port of  
Louisville Will Be Discussed  
At Washington This  
Week.

Washington, Jan. 26.—It now  
looks as if Senator Deboe's bill to  
divide Kentucky into two federal  
districts will not be considered this  
session. Senator Lindsay is opposed  
to it. Similar bills have been intro-  
duced many times in previous con-  
gresses, but have failed because the  
Kentucky delegation could not agree.

NO FIGHT MADE.

Frankfort, Jan. 26.—The appoint-  
ment of Dr. Wiley for superintendent  
of the Lexington asylum was referred  
to the committee. No fight was  
made today.

PRESIDENT OF BRAZIL EXPECTED.

If Sales is Elected He May Visit  
the United States.

Washington, Jan. 26.—Following  
the visit of President Roosevelt, the  
United States sometime between  
March 1 and November next. The  
election occurs in March, and the  
prevailing impression is that Senator  
Campos Salles, the candidate of the  
republican party and an eminent  
member of that element, will be elect-

then coming to the United States for

his first visit to the United States.

Editor Flees for His Life.

Barbourville, Ky., Jan. 26.—Jas.  
T. Culton, formerly of this city, who  
was at Tazewell, Tenn., as editor  
of the Times, a republican newspaper  
at that place, arrived in this city  
last night. Last week an editorial in  
his paper aroused the townsmen.  
They made an attack on him in  
his own office. He succeeded in  
making his escape by night covered  
by two armed guards, who took him  
to Cumberland Gap, where he boarded  
a freight train. Mr. Culton says  
he will return and will call on the  
state of Tennessee for protection if  
he is attacked again.

\$120,000,000 Paid Injured Work-  
men.

Washington, Jan. 26.—A strong  
tribute to the merits of the German  
accident insurance system is rendered  
in a report to the state department  
from United States Consul Monahan  
at Chemnitz, published in the daily  
consular reports. He shows that the  
workers, enabled by accident, in  
Germany, nearly \$120,000,000, and the  
claim that the employers pay the  
enormous sums defrauded in this way.

Marriage This Forenoon.

Mr. Barney B. Cleary, a well  
known young blacksmith at the I. C.  
shops, and Miss Ida Girk, daughter  
of Mrs. Mary Girk, of South Third  
street, were married at 11:30 o'clock  
this forenoon at the St. Francis De  
Sales church. Rev. Father Jansen  
officiating. Mr. and Mrs. Cleary  
lived at noon for St. Louis and other  
points. They will reside at 1111  
Jackson street.

The average Daily Circulation of the Sun for the year 1897 was 1589 copies, as shown by the daily records of the office and proved by the sworn affidavits of four responsible men.

The Sun claims the largest circulation of any daily paper in Paducah. From the day of its first issue it has made its circulation public and asks its advertisers to make a complete investigation of its circulation books at any time. No other paper in Paducah will state its circulation.

The Louisville Commercial has been wonderfully improved by its new dress. In fact the Commercial is one of the best looking papers in the state, and its editorial and news pages are also strictly up with the times. The Republicans of the state have cause to be proud of their only daily in Louisville.

### BRYAN ON MEXICO.

It is all settled.  
Bryan has been to Mexico.  
He remained there three weeks.

He has published his Mexican "notes."

He says: "Mexico is more prosperous today than she ever was; wages are higher and rising; the laboring classes are in better condition now than they were when the Mexican dollar was worth more than it would have been had Mexico adopted the gold standard when we did."

Further:—"If the advocates of the gold standard insist that her financial system has been a hindrance and that she has gone forward, not because of it, but in spite of it, I reply that my observation leads me to believe that the people of Mexico are in the lead."

These profound observations and conclusive conclusions are the result of a three weeks tour in Mexico. In addition to these chunks of wisdom and information Mr. Bryan brought back with him a Mexican sombrero, and has had his picture taken and from now and henceforth, etc., he will be known as the Mexican candidate for the presidency. His hopes for realizing the object of his ambition lie in Mexico's "unrivalled" prosperity and are symbolized by his Mexican sombrero.

A careful perusal of Mr. Bryan's "notes," however, discloses the fact that they have been written especially for their bearing on the next presidential election. A large part of his "notes" are made up of a discussion of wages, not in Mexico, but in the United States. He gets off the old chestnut that "the gold standard has been so disastrous (to this country) that even a Republican administration is asking foreign nations to help us to get rid of it."

Mr. Bryan has much to say of the "prosperity" in Mexico, but he fails to tell us that the people who are enjoying that prosperity are the 6,000 land and property holders—not the 12,500,000 poor people, two-thirds of whom have never slept in a bed, nor worn stockings, who live in mud huts and whose condition is far worse than that of the late negro slaves in this country. That Mexico is a land of millionaires and paupers—there being no middle class.

Mr. Bryan don't tell us that as far as investment of capital is concerned, Mexico is a new country. That capital reaps great dividends because it has been able to buy mines and lands cheap and secure concessions of great value at small cost. That wages are low and payable in depreciated silver. That with such advantages capital has prospered, but the wages of the laborer have not increased.

What we want in this country is prosperity for the "masses" and good wages for the laboring man. Upon this line Mr. Bryan gained no information in Mexico, and his "notes" contain not one word that has a ray of hope for the workingman. All the boasted prosperity in Mexico that he grows eloquent about pertains to the millionaire and the capitalist, and the "masses" have no part nor lot in it.

### SHERMAN'S APPEAL

In Behalf of the Starving People in Cuba.—The Kentucky Committee.

Secretary Sherman has issued his third appeal to the American public in behalf of the starving Cubans and again calls attention to the urgent necessity for immediate relief, as follows:

To the Public:

"The undersigned secretary of state of the United States, had the honor, on the 24th of December, to make known to all charitably disposed people of this country the appointment of the president for aid in the form of money or supplies toward the speedy relief of the distressing destitution and suffering which exists among the people of Cuba.

"The gratifying interest which his countrymen have shown in all parts of our land in that humane appeal has led the president to recognize the need of orderly and concerted effort, under well directed control, if timely assistance is to be given by the public to the sick and needy in four responsible men.

not Bradley and also by Senator Brauton in his bill now before the Senate.

Governor Bradley in his message recommended a non-partisan Board of Charities and Correction" to consist of three commissioners appointed "on account of their special fitness and experience." Charities and the penal institutions, said the Governor, should not be used to promote political ends." Such is the Republican idea. These most important institutions should be absolutely divorced from politics, so completely should this be done that neither party could be held liable for the management, whether good or bad, of these institutions, further than the appointment of the commissioners.

On the other hand the Brinston bill is thoroughly partisan, so much so is it, that the bill proposes at once to take the state penitentiaries out of the hands of the present Board of Sinking Fund Commissioners, which is Republican, and put them under the management of a Prison Commission which is to be strictly partisan and solidly Democratic. Under the above commission the state penitentiaries will be run solely for the benefit of politicians who are out of jobs. Such is Democratic reform.

### NEWS NOTES.

There are five comets scheduled for 1898.

In Japan children are taught to write with both hands.

England is now consuming large quantities of American slate.

Russia is increasing in population faster than any other country in the world.

It is estimated that the hair on a fair head would support the weight of 500 people.

The only civilized country which does not grant patents on inventions is Switzerland.

Fewer French ships pass through the Suez canal than German, Italian or even Dutch.

Grey horses are the longest lived; creams are decidedly delicate, and are affected by very warm weather.

At the sea level an object of 100 feet high is visible a little over thirteen miles. If 500 feet high it is visible nearly thirty miles.

The New York Elevated railway has 1,117 passenger cars, 335 engines, 5,520 employees and runs trains every fifty seconds apart.

The doctors in Sweden never send bills to their patients, the amount to remunerate being left entirely to the generosity of the latter.

It rains on an average of 208 days in the year in Ireland, about 150 in England, at Kezan about ninety days, and in Siberia only sixty days.

Theodore S. Parvin, of Cedar Rapids, Ia., has spent his life in collecting "curious women" to be the best in the world.

The New Zealand government has drafted a bill for the appointment of "discreet women" as inspectors, with extensive powers to stop and interrogate the girl who is out at n late hour.

The most wonderful astronomical photograph in the world is that which has recently been prepared by London, Berlin and Parisian astronomers to be exhibited at the International Exposition in Chicago.

Politically, these people are a problem. They take very little personal interest in elections, and are usually voted by the parish priest.

The most important factor in the making of the children of ignorant foreigners into good citizens is our public school system, and with the Cajuns this has failed so far, partly from prejudice against the negro, and the lack of opportunity for parents to receive instruction from a heretic, which is manifested with their religion.

They are a pleasure-loving people, and work only enough to secure the necessities of life, and as they all—men, women and children—go barefoot except on state occasions, and corn bread and tassa (dried beef) form the staple articles of food, a very little work entitles man to provide for a moderately large family.

**TRAINER HIGHFIELD**

Leaves Paducah for the Blue Grass Section.

Mr. William Highfield, the well known race horse trainer, who had charge of a string of Paducah racers last season, left this morning for the Blue Grass region to take charge of a large stock farm.

Mr. Highfield has resided in Paducah for three or four years, and in leaving it to locate near Lexington, he leaves many friends who regret his departure. He is a gentleman in every sense of the word, and knows all there is to know about horses. He will no doubt be successful in his new home.
